#35880

Horse-Shield®

Horse-Shield is an immunity, vitality and digestibility supplement for horses. It is enriched with vitamins and contains viable yeast culture (*Saccharomyces cerevisiae*) and Diamond V XPC Ultra. Horse-Shield supports cognitive and behavioural functions in situations associated with travel, training and competition, red blood cell production, immune system health, cartilage and joint health, hind gut microbiome and healthy digestion and antioxidant activity in tissues. Horse-Shield is ideal for horses 6 months of age and older.

Analysis

| | |
|--------------------------|----------------|
| Moisture (max.) | 14.00 % |
| Vitamin A (min.) | 52 000 I.U./kg |
| Vitamin D3 (min.) | 10 000 I.U./kg |
| Vitamin E (min.) | 1 000 I.U./kg |

Saccharomyces cerevisiae 3.34 x 10⁸ cells/gram (334 million) minimum CNCM I-1077

Feeding rates

Horse-Shield is an immunity, vitality and digestibility supplement for horses. 1 level scoop is 28 grams. Recommended serving is 3 scoops/500kg body mass. Provide 1.5 level scoops administered orally with the meal, twice daily.

| Probiotic | Live Yeast |
| Vitamins | Vitamin A, Vitamin D3, Vitamin E, Vitamin K, Riboflavin, Niacin, Thiamine, Vitamin B12, Biotin, Pantothenic Acid, Folic Acid, Vitamin B6 |
| Minerals | |
| Multi-Attributes | |
| Flavour/Binder/Preservative | Dextrose, Diatomaceous Earth |

1. Purina recommends analyzing your hay and balancing the ration accordingly.
2. Feed clean and dust free hay in sufficient amount daily. Feeding poor quality hay or feeding inadequate amounts could cause colic and other digestive upsets.
3. Offer source of salt (NaCl) daily as well as plenty of fresh and clean water at all times.
4. Make any feed change gradually over a 7 to 10 days period.
5. Daily ration should be divided into 2 and pre-ferably 3 separate feedings or more.
6. Use a scale to weigh your feed so you know exactly how much your horse is being fed. Do not feed by volume.
7. These recommendations are intended as a guide. They should be adjusted to variables of management, environment and individual needs. Consult your Purina Equine Consultant if necessary.
8. Follow sound management practices along with optimal preventive veterinary medicine.

Caution

Directions for use must be carefully followed.

This product is perishable. Store in a dry, well-ventilated area protected from rodents and insects.

This product should not be mixed in feeds before pelleting.
